slide seminar

Arkadi M. Rywlin

AMR

International
Pathology Slide
Seminar

May 2019

Dear Friends and Members:

Enclosed please find the new set of glass slides for AMR Seminar #74. Just a reminder that the comments to the previous cases (AMR #73) as well as the case histories and pertinent images for this submission will be on the official AMR web page at <http://www.amr-seminar.org>.

We request all members submit their comments for AMR #74 by the end of August 2019. The deadline for submission of cases for the next seminar (AMR #75) is the same. As a reminder, we do request fifty (50) H&E slides sent with your submission. I would also like to add as a reminder that we will not accept slides carrying **plastic coverslips**. The plastic coverslips dry out after a few years and detach carrying the tissues with it. Please make sure that all slides submitted for the club are coverslipped with **glass**. Kindly visit the AMR web page for additional submission instructions.

The following members are due to submit cases for the next seminar:

Ady Yosepovich	Jerónimo Forteza	Markku Miettinen	Murray Resnick
Kum Cooper	Barbara Gazic	Anais Malpica	Kyle Perry
Cyril Fisher	Ondra Hes	Fred Petersson	Jesse McKenney
Ofer Ben-Itzhak	Jason Hornick	Santiago Ramon y Cajal	Kenneth Schoolmeester

With this seminar I would like to introduce two new members to the club: Niels Rupp from University Hospital of Zürich, Switzerland, and Fatima Carneiro who will be replacing Manuel Sobrinho-Simoes from IPATIMUB, Porto, Portugal. Please make them welcome into the group.

I would like to introduce my new research assistant and coordinator who will be handling the correspondence and logistics for the club from now on: Stephanie Hanson (Sthanson@mcw.edu). Please address all inquiries and correspondence directly to her regarding the cases circulated in the Club. I would also like to remind the Club members that they are all invited to submit exceptional cases of educational value to the "AMR Club Cases" section in the *Advances in Diagnostic Pathology*. Please contact me for details.

Looking forward to your comments and new cases!

Sincerely yours,

Saul Suster, M.D.
