A large attendance is expected due to the high density of pathologists in Mexico City (the largest city in the world, approximately 21 million population). Dr. Dominguez is also putting together an exciting social and cultural program for the participants and their companions. More details will follow soon.

In the future, please mail your cases to the attention of my secretary, Vivian Schueler. Her e-mail address is: vschuele@mcw.edu.

I hope you will all enjoy the enclosed cases, and I look forward to hearing from you soon. Please don't forget to send your next submission to my new address below.

Sincerely yours,
