I would like to welcome a new member to the AMR Club, Dr. Franco Fedeli. Dr. Fedeli is the Director of Pathology at the Ospedale S. Andrea in La Spezia, Italy. Franco is a very experienced surgical pathologist who I am sure will contribute significantly to the Club. Please welcome Dr. Fedeli to our group.

We would also like to remind our club members that we had agreed previously not to submit any glass slides that have been prepared using plastic coverslips. These have a tendency to dry out and fall, carrying with it the attached tissue. Valuable cases are thus lost for this collection. Please make sure that glass coverslips are used on all submitted cases.

I am also pleased to share with the members that the 4th International Symposium in Anatomic Pathology sponsored by the AMR Club was successfully carried out in Istanbul, Turkey, with the help of Dr. Volkan Adsay, who coordinated the meeting with the local pathologists. We will be posting pictures of the event in our website shortly. More than 200 local pathologists attended the meeting.

Please continue to mail your cases to the attention of my secretary, Vivian Schueler. Her e-mail address is: vschuele@mcw.edu.

I hope you will all enjoy the enclosed cases and I look forward to hearing from you soon.

Sincerely yours,

Saul Suster, M.D.
