

the arkadi m. rywlin international pathology slide seminar

Arkadi M. Rywlin
AMR
International
Pathology Slide
Seminar

August 30, 2013

Dear Friends and Members:

Enclosed please find the new set of glass slides for AMR Seminar #64. Just a reminder that the comments to the previous cases as well as case histories and pertinent images for this submission will be on the official AMR web page at <http://www.amr-seminar.org>. I would also like to make a clarification and a reminder for our new and past members: It was agreed by majority vote several years ago that we would no longer accept any glass slides that were coverslipped with **plastic** coverslips. Plastic coverslips dry out after a short period of time and fall off, peeling off the tissue sample. This represents a problem for those of us who wish to maintain a collection of these precious samples. If any of the members do not have facilities for glass coverslipping of slides, we would prefer that you send us the slides without coverslips and we'll place glass coverslips on them here prior to distribution.

We request all members to submit their comments to AMR #64 by the end of November 2013. The deadline for submission of cases for the next seminar is the same. As our Club membership continues to grow, we now request (50) H&E slides sent with your submission. Kindly visit the AMR web page for additional submission instructions. The following members are due to offer cases for the next seminar:

Abbas Agaimy	Ivan Damjanov	Ondra Hes	Manual Sobrinho Simoes
Phil Allen	Otto Dietze	Janez Lamovec	James Strauchen
Ofer Ben-Itzhak	Vincenzo Eusebi	Michal Michal	Lawrence M. Weiss
Michele Bisceglia	Cyril Fisher	Markku Miettinen	Bruce Wenig
Ira Bleiweiss	Christopher Fletcher	Fredrik Petersson	Ady Yosepovich
Runjan Chetty	Andrew Folpe	Anamarija Perry	Eduardo Zambrano
Kumarasen Cooper	Allen Gown	Elvio Silva	

I am also pleased to share with you all that we successfully completed the 6th International AMR Symposium in surgical pathology in Tel-Aviv, Israel. The meeting was attended by nearly 130 pathologists from all over the world. Special thanks are due to Dr. Ofer Ben-Itzhak for the wonderful organization of this event. Photos of the meeting will be uploaded shortly to the AMR website. I am also pleased to announce that plans are underway for the next International AMR Symposium which will be held in Tokyo, Japan in the summer of 2014, and hosted by Prof. Masaharu Fukunaga.

Please continue to mail your cases and comments to the attention of my assistant, Nancy Boinski. Her e-mail address is: nboinski@mcw.edu.

I hope you will enjoy the enclosed cases and I look forward to hearing from you soon.

Sincerely yours,

Saul Suster
