

the arkadi m. rywlin international pathology  
slide seminar

Arkadi M. Rywlin

AMR

International  
Pathology Slide  
Seminar

February 2017

Dear Friends and Members:

Enclosed please find the new set of glass slides for AMR Seminar #70. Just a reminder that the comments to the previous cases (AMR #69) as well as the case histories and pertinent images for this submission will be on the official AMR web page at <http://www.amr-seminar.org>.

We request all members submit their comments for AMR #70 by the end of **April, 2017**. The deadline for submission of cases for the next seminar (AMR #71) is the same. As a reminder, we do request fifty-five (55) H&E slides sent with your submission. We do appreciate the extra effort that has been made in packaging your slides as the number of damaged/broken slides has decreased. I would also like to add as a reminder that we will not accept slides carrying **plastic coverslips**. The plastic coverslips dry out after a few years and detach carrying the tissues with it. Please make sure that all slides submitted for the club are coverslipped with **glass**. Kindly visit the AMR web page for additional submission instructions.

**The following members are due to submit cases for the next seminar:**

Abbas Agaimy	Cyril Fisher	Michal Michal	Fredrik Petersson
Carlos Bacchi	Andrew Folpe	Markku Miettinen	Murray Resnick
Ofer Ben-Itzhak	Jeronimo Forteza Vila	Cesar Moran	Bruce Wenig
Gerald Berry	Ondra Hes	Vania Nose	Ady Yosepovich
Hugo Dominguez-Malagón	Jason Hornick	Kyle Perry	

It is with great sadness that I have to announce that three of our longstanding members, Thomas Colby, Giovanni Falconieri and Janez Lamovec have decided to retire from the club. We sincerely thank them for their contributions and wish them all the best in their retirement. We hope they will continue to participate in the Club by joining us for our international symposiums sponsored by the Club. It is also with a heavy heart that I would like to communicate that one of our members, Dr. James Strauchen from the Mount Sinai Medical Center in New York has passed away this year. Dr. Strauchen was a longstanding member of our club and will be greatly missed. He was an experienced general surgical pathologist and an internationally respected and recognized hematopathologist who contributed significantly to the education of hundreds of residents and who greatly enhanced the experience of the members of our club through his comments and contributions. He will be greatly missed.

Please continue to mail your cases and comments to the attention of my assistant, Debbie Roeder. Her e-mail address is: [droeder@mcw.edu](mailto:droeder@mcw.edu). I hope you will enjoy the enclosed cases and I look forward to hearing from you soon.

Sincerely yours,

*Saul Suster, M.D.*
