AMR

International
Pathology Slide
Seminar

February 2020

Dear Friends and Members:

Enclosed please find the new set of glass slides for AMR Seminar #76. Just a reminder that the comments to the previous cases (AMR #75) as well as the case histories and pertinent images for this submission will be on the official AMR web page at <http://www.amr-seminar.org>.

We request all members submit their comments for AMR #76 by the end of **May 2020**. The deadline for submission of cases for the next seminar (AMR #77) is the same. As a reminder, we do request fifty (50) H&E slides sent with your submission. I would also like to add as a reminder that we will not accept slides carrying **plastic coverslips**. The plastic coverslips dry out after a few years and detach carrying the tissues with it. Please make sure that all slides submitted for the club are coverslipped with **glass**. Kindly visit the AMR web page for additional submission instructions.

The following members are due to submit cases for the next seminar:

Justin Bishop	Cyril Fisher	Jeronimo Forteza Vila	Barbara Gazic
Ondra Hes	Alberto Marchevsky	Jesse McKenney	Markku Miettinen
Vania Nose	Kyle Perry	Fredrik Petersson	Santiago Ramon y Cajal
Kenneth Schoolmeester	Ady Yosepovich	Luca Di Tommaso	

I regret to share with you that Drs. Murray Resnick and Jason Hornick have indicated their intention to retire from the Club. We thank them for their participation and contributions and wish them well.

Please continue to mail your cases and comments to the attention of my research assistant and coordinator Stephanie Bensman (Sbensman@mcw.edu). Please address all inquiries and correspondence directly to her regarding the cases circulated in the Club. I would also like to remind the Club members that they are all invited to submit exceptional cases of educational value to the "AMR Club Cases" section in the *Advances in Diagnostic Pathology*. Please contact me for details.

Looking forward to your comments and new cases!
